AYSO Assessment Philosophy

Assessments for upgrade to Advanced and National Referee are intended to be a positive experience for upgrade candidates. They are to provide the referee candidate with positive feedback on areas of strength and areas that may be improved.

The evaluation can be an Observation or Assessment for an upgrade, or simply an evaluation for service. Depending on the specific upgrade, the formal evaluation itself is called an Observation or an Assessment. The service evaluations can be used to provide the referee with feedback though not necessarily associated with an upgrade. The same criteria and process, as outlined in this section of the manual, is to be used for all evaluations, observations and assessments.

Assessment Requirements

Upgrade to Advanced Referee:

- One assessment as Referee in a U-14 game, and
- One assessment as Assistant Referee in a U-14 Game.

Upgrade to National Referee:

- Two assessments as Referee in a U-16 or U-19 match with at least one at U-19, if available (the SRA may authorize substitution of U-16 for U-19 if U-19 matches are not available), and
- One assessment as Assistant Referee in a U-16 or U-19 match. (The SRA may authorize substitution of U-16 for U-19 if U19 matches are not available.)

Service Assessments (i.e. assessments not for upgrades but simply to continue to improve performance) may be conducted at any time, at the request of a referee. The same criteria and process, as outlined in this section of the manual, are to be used for all evaluations, observations and assessments.

Scheduling Assessments

Upgrade to Advanced Referee-requested by the referee and:

- Scheduled through the RRA/RDA
- Assessor assigned by the ADRA

Upgrade to National Referee-requested by the referee and:

- Scheduled through the RRA/RDA or ARA/ADRA
- Assessor assigned by the SDRA

Service Assessments-requested by the referee and:

- Scheduled through the RRA
- Assessor assigned by the RDRA, ADRA or SDRA
